EQUINE FINANCE SOLUTIONS

The Equestrian Lending Specialists

Equine Finance Solutions have an eye for a good loan.

We finance horse trucks, floats and vehicles, equestrian properties (including those that are income-producing from equine-related industries), business loans, trade finance and even horses and saddlery.

We can also finance arenas and stable fit-outs and veterinary finance, equipment for the racing industry, just to name a few.

With access to over 40 banks and non-bank lenders, each having different products and policies available to our clients, we take the hard work out of sourcing the right finance to suit your individual situation.

We have an amazing team behind the scenes and we are continually focused on growing the suite of lending products available to equestrians. We hope to be able to assist everyone in the equine world from all industries and riding disciplines.

Lumiere

Comfort first

- 🕒 Handcrafted
- 🕒 Gel-padded
- 🕒 Anatomic designs
- 🕒 Premium leather

Never underestimate the importance of a well-designed bridle. The Lumiere bridle collection features handcrafted styles that have been anatomically designed for maximum comfort. With many sensitive nerves across your horse's face, bridle fit is critical to comfort and harmony between horse and rider.

All of our leather bridles feature gel-padding over the poll & nose, single strap pinch-free poll relief headpieces & premium butter soft leather.

We also sell bridle parts separately so you can get the perfect fit. Or, upgrade an existing bridle with a sparkly new browband or a flash new noseband.

Safety & stability

From breastplates to stirrup leathers, Lumiere is the go-to for quality tack that will keep your horse comfortable, and you stable in the saddle. Our breastplates feature gel-padding or sheepskin on pressure points to ensure they mould to the horse and allow freedom of movement.

All in the details

We sell a huge range of browbands, nosebands and other bridle parts so you can ensure the perfect fit for your horse. Our browband range is at the forefront of equestrian fashion, and we have options for every taste and style.

PRIX ST GEORGES

PERPETUAL
TROPHY

Marian Malecki was one of the most influential figures in the equestrian sport who set the standard in striving for excellence.

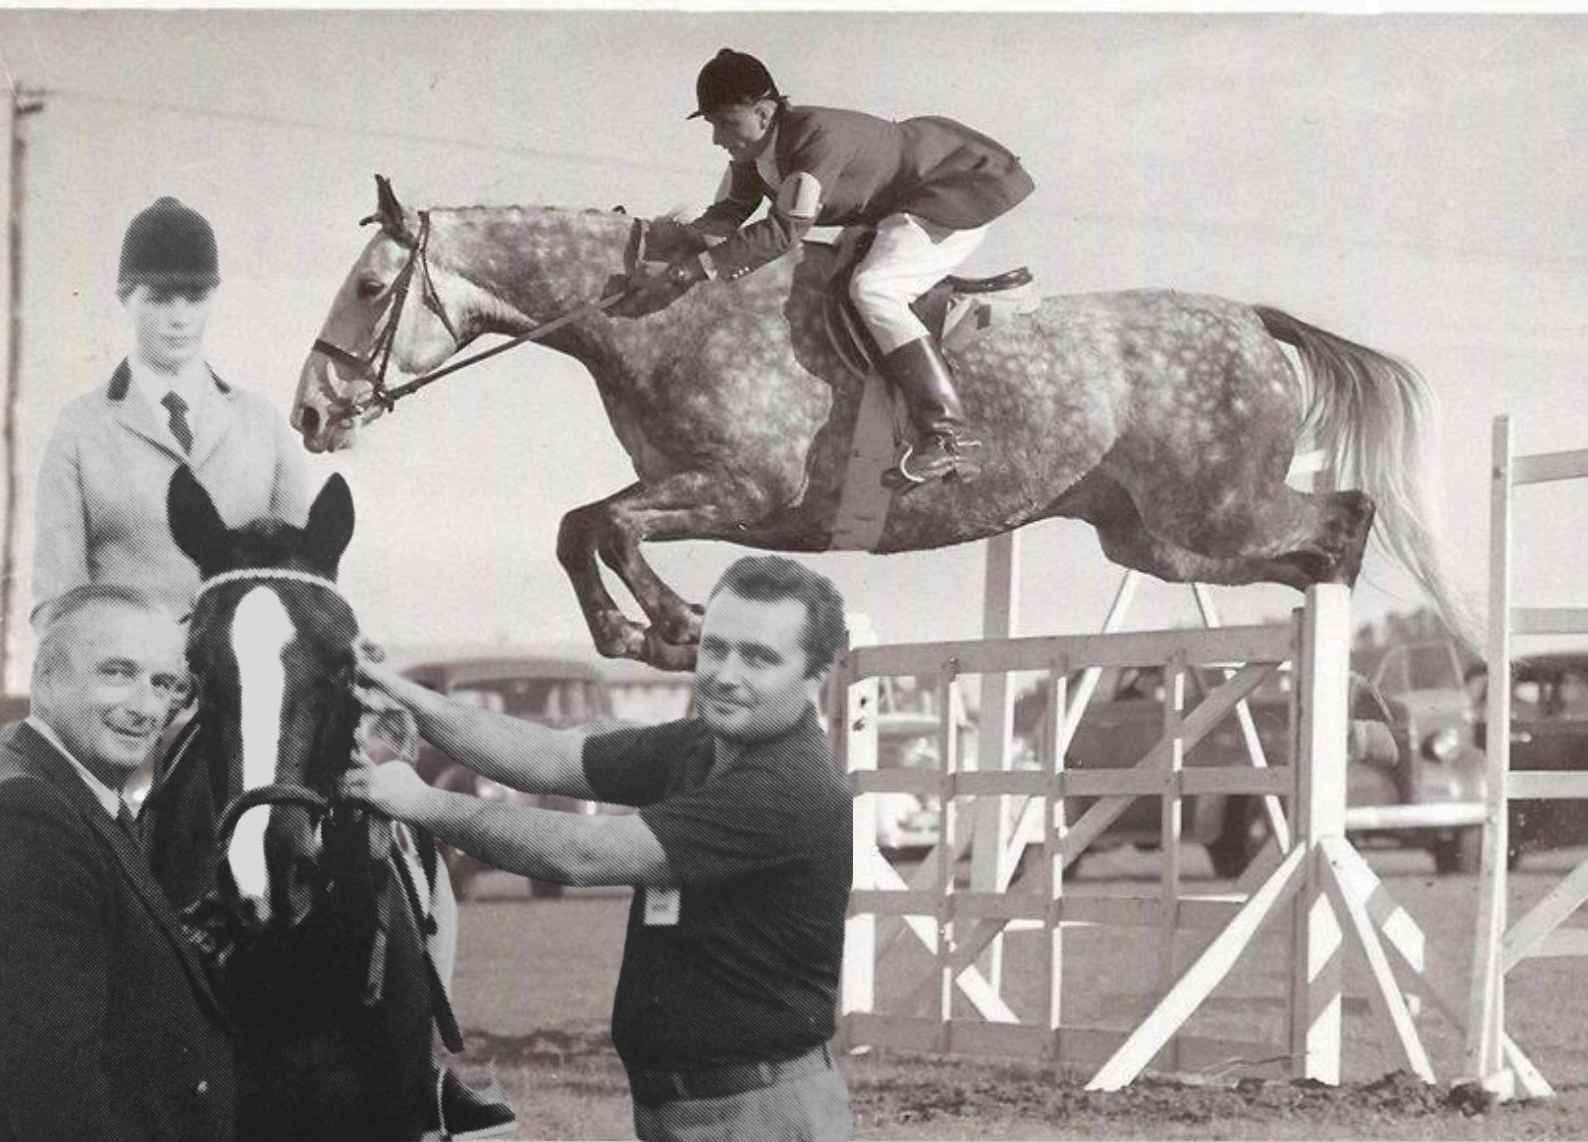

He was extremely tough and disciplined with his students and would never settle for second best; always putting the horse first.

He was known for his exceptional eye for talent, creating harmonious balance between horse and rider with a focus on soft hands and a good seat.

His legacy still remain through riders today and hopefully will never be lost.

EQUINE EYE

Global leaders in equine cameras

Safer. More secure.

From the trailer to the barn. From the field to overnight stays at a horse show. Live video of your horse to your phone.

- Wireless horse cameras
- Live stream video to your phone
- Night vision & audio
- Easy instal

Need tech support?

Email us at hello@equine-eye.com or raise a ticket via the website. The Equine Eye website has extensive FAQs to help you troubleshoot any camera issues, along with step-by-step set up videos.

Equine Eye Voyager

The Voyager is designed specifically for use in trailers. Forget hardwired cameras, the Voyager installs in seconds, live streaming video of your horse enroute while hauling.

The camera creates a connection for your phone to link into, which means it doesn't use any data or need phone signal. The camera does need to be in close proximity to your phone and this camera is better for standard car and trailer set ups (longer trailers are better matched to the Vision camera). There are no ongoing costs.

Arrive at your destination safe and stress free with eyes on your horse.

Equine Eye Vision

No wifi, no power, no worries! The Vision camera can do it all. With no distance restrictions, it live beams video of your horse to your phone in the trailer, barn, field – anywhere.

Completely portable, this camera can do it all. It takes a data SIM card so there are some low ongoing costs, but all your equine monitoring needs will be covered with a single, superior camera. You can even see your horse from the other side of the world if you go on holidays. Perfect for foaling, farms and hauling. Or, just general monitoring of your best friend.

PERPETUAL
TROPHY

Horses have played a dominant role in Erica's life since early childhood. Born on 8 December 1933, she grew up on a farm where her father bred trotting horses. Erica learnt to ride as a three-year-old, even riding her ponies to school.

Initially, Erica loved Jumping before her passion turned to Dressage. Throughout the 1980's the diminutive Erica, who is just 5'5" tall, and her Australian Thoroughbred stallion (he was also a registered stock horse), Crown Law dominated local competition. The pair won the Group III section of the Haig Cup FEI International Dressage competition (later known as the Samsung) in 1983, 1984 and 1985.

Erica, again on Crown Law, was one of the first Dressage riders to represent Australia at the World Dressage Championships at Cedar Valley, Canada in 1986. The pair went on to compete at the 1988 Olympic Games in Seoul, making them the second-ever individual Dressage combination to compete for our country at an Olympic Games. Further to those achievements were the many successes they achieved on home turf, including at the National Championships.

Erica has also been a long-term supporter of dressage in Australia. She has been a member of the Dressage SA Committee for more than 20 years. Erica is a judge, selector, coach, and mentor and is the patron of the Adelaide Hills Dressage Club Inc. In 2010 Erica was awarded the Inaugural Lindy Wright Medal by the Lindy Wright Memorial Foundation.

GRAND PRIX AWARD

CROWN LAW MEMORIAL TROPHY

Crown Law entered this world with Erica, being a foal out of a mare exchanged for a debt! She decided to see what he would grow into, liking what she saw straight away. He became a thoroughbred and stock horse registered stallion and would take her on a ride of a lifetime! His nature and temperament were amazing.

During the 1980s the pair dominated dressage, winning the premier event, the international Haig Cup - later called the Samsung Cup. They won it in 1983, 84 and 85. They won numerous National Championships before representing Australia in the World Dressage Championships in Canada in 1986. In 1988 they were only the second person selected to ride in the individual dressage competition at the Seoul Olympic Games.

Judge, selector and holder of far too many hats to mention here, it was fitting that she be awarded the inaugural Lindy Wright Medal in South Australia. She competed until 2007. Her husband Les was a wonderful support to her and when he became ill, she cared for him.

There are two excellent stories about this pair - they can be found on the EA website and The Horse Magazine's web page.

YOUTH CHAMPIONSHIP

YOUTH AWARD

WYEBO SKYLARK MEMORIAL TROPHY

Known as Sky at home, this 12.2hh grey Welsh Mountain pony was born in 1981 with a heart of gold! Purchased in 1990 for Elizabeth by her mum Wendy they went on to compete and win in the showring at Royal Show level. They often swapped the show hat out for other pursuits such as novelties, jumping and even stock work on the family farm at Yankalilla.

All this aside this was a very successful dressage combination winning many championships from preliminary through to elementary but most importantly giving Elizabeth vital lessons and feels the formed the basics for her successful dressage career that followed.

When Sky passed in 2005, Elizabeth and Wendy felt it was only fitting to donate the memorial trophy that is now awarded to the most successful YR across all classes at this championship to honour this very special pony!
